Columbus, July 25 .- The Democratic State Convention met at eleven o'clock at the Opera House, and effected a primary organization by the appointment of Hon. Warren P. Noble, of Tiffin, as Chairman, and William L. Brown, of Youngs town, as Secretary. R. H. Higgins, of Brown county, and E. S. Dodd of Lucas, were chosen Assistant Secretaries. The Convention was called to order by John G. Thompson, Chairman of the State Central Committee, and the temporary officers announced. Mr. Noble spoke at considerable length. He referred to the alarming state of affairs that exists among the laboring interests. He traced responsibility for it to the management of the Republican party, and their reckless disregard of the rights of the people in their control of financial affairs. He further alluded to the theft of the Presidency which was received with applause. At the conclusion of his remarks the Convention proceeded to the selection of standing Committees on Credentials, Permanent Organization, Resolutions and on the Selection of a State Central Commit-

The Temporary Chairman's Remarks, The remarks of the Temporary Chair-

man, Hon. Warren P. Noble, upon being introduced to the Convention, were as

Mr. Chairman of the State Central Committee and Gentlemen of the Convention:—For this mark of your partiali-ty in selecting me to preside over your temporary organization I return to you my most grateful acknowledgments.

In discharging the few duties required by this appointment, I can only promise an honest effort on my part; and for any failure to accomplish the task with satis faction, shall claim your kind indul-

Gentlemen, you have assembled here in accordance with a time-honored custom, as the representatives of a great political organization, not only to declare to the world a platform of principles upon which that organization is based, but also to name and select the men to be voted for by the members of the organization its friends for the various officers to be chosen at the coming State elec-

Need I say that upon the wisdom, the congession, the harmony and the forbearance manifested by you in the discharge of these duties, may depend, not only the success of the ticket you may place be-fore the country, but also the prosperity, the happiness and the well-being of the

Look at the conflict of arms now going on between the different nations of Europe with all its attending sacrifices of life and happiness, and all its destruction of wealth and property, and tell me whether, by faithfully keeping and performing all its own duties and obligations as well as a just recognition of all the rights of others, by each of these belliger-ent nations, all these sacrifices and all this destruction might not be avoided.

Again I point you to the disturbances of the public peace—the clamor for high-er wages made by formidable organizations of workingmen, for the avowed purpose of securing such prices in their em-ployment as will enable them to support themselves and families against wantnow being manisfested in almost every part of our own country, sometimes re-sulting in violence, bloodshed and great destruction of property.

My fellow-citizens, while no words of extenuation or excuse can be uttered in favor of any of these unlawful acts, yet it must be conceded that, like any malady that affects different parts of the human system, they have their origin in some cause, to ascertain which and to apply a remedy is worthy of the most vigorous thoughts of the wisest among us.

If that cause is to be found, as many have supposed, in the mistakes that have been made in the management of the financial system whereby the quantity of circulation has been caused to fluctuate so that the country has had twice as much for a time as it had before, and is then again reduced to its former state, thus producing a corresponding fluctuation in all prices of both property and labor, and consequently a perfect stagnation in all kinds of business, then the remedy is plain—it must be found in securing sta-billy in the place of fluctuation,

My fellow citizens, for the last seven teen years the Democratic party has had no part or lot in the management of the finances of this country, or indeed scarcely any in the management of any other governmental matter of the nation

During this time our finances have been so mismanaged that bankruptcies and business failures have prevailed to an extent never known before. Our manufacturing establishments have been, many of them, closed and their business operation suspended, thus throwing out of employment great numbers of our people and producing a manifestation of want that never ought to occur in our bountiful

My fellow citizens, I may safely say the people of this country are, and have been looking to the success of the Democratic party for the organization of a system

that will correct and avoid these evils.

Their votes in the last great contest, by which a majority of the Democratic Presi dential Electors were clearly chosen, and that, too, by a popular majority of about 300,000 clearly warrants this conclusion. And yet by a strange and unjust manipulation of the returns, they have been defrauded and cheated out of this choice, as every intelligent Democrat in the land firmly believes. And no system of edu-

has ever yet or ever will eradicate the same belief from the minds of a very large number of our honest and intelligent

political opponents, But, my fellow citizens, the country is looking to you with deep anxiety. Allow me, in conclusion, to again invoke a spirit of concession and harmony in your deliberation.

On motion of Judge Jackson of Cuya-hoga County, the rules of the last Demo-cratic Convention were adopted as the rules of this Convention, and all resolu-tions are to be reterred to the Committee on Resolutions without debate.

to the place of alternation to bound our way a compared to be an alternative and the compared to the compared

cation in persistent denials of its truth erations. Only by your indulgence and assistance can I hope a proper discharge of the duties of this position. You have assembled in an important crisis in the history of your country. For sixteen years one of the great political parties of the country has held uninterrupted control of the legislation of your General Government, and of almost all the State Governments. If the country and its people are prosperous and happy, that party is entitled to the credit of that condition. If by class and unwise legisla-tion our country and our people are un-happy, are not prosperous; if labor be not employed, or if employed, does not re-ceive a just reward, then the party in power must be held responsible for that condition. (Cheers.)

A delegate at this juncture suggested that as the nominees were so numerous the number of delegates be increased in order to give them a vote apiece, to which the President retorted, that the nominations could not be limited to the number of delegates, 735. Judge Clark of Columbiana, here spoke on genera topics, and kept at it amid considerable confusion, nominating Gen. Thomas Ewing. J. G. Huffman, of Perry, by authority of Gen. Ewing, withdrew his name from before the convention. A Logan delegate then named Gen. A. S. Piatt, of Logan. This closed the nominations, and the convention proceeded to the

Sixth Ballot. The sixth ballot was ordered, and resulted as follows: Converse 451, Vance 1, Ward 93‡. Bishop 415‡, Ewing 180. There being 735 votes cast, 368 being necessary to a choice, of which Mr. Bishop received 415), or more than a majority and was declared the nominee of the convention, which was, on motion, made unanimous amid the wildest enthusiasm and excitement, which was supplemented by music from the band—"The Star

Spangled Banner" and "Yankee Doodle," The Committee on Resolutions at this uncture, through Hon. M. I. Southard, chairman, reported the following resolutions as the unanimous agreement of the committee: The Platform.

The Democratic party of Ohio, in State Convention assembled, renews its pledges of devotion to the Union and the Constitution with the Amendments. It declares as essential to the preservation of free Government a faithful adherence to the following principles: Strict construction; home rule; the supremacy of the civil over the military power; the separa-tion of Church and State; the equality of all citizens before the law; liberty of individual action unvexed by sumptuary laws; absolute acquiescence in the lawfully expressed will of the majority; op-position to all subsidies; the preservation of the public lands to the use of actual settlers; and the maintenance and perfecting of the Common School system. Pertinent to the issues now pending be fore the people-

1. Resolved, That we look upon the in-auguration of R. B. Hayes to the high of-fice of President of the United States, in spite of a majority of the electoral and popular vote given by the people to Samnel J. Tilden, as the most dangerous encroachment upon the popular rights that has ever been attempted in this or any other free country. A repetition of the fraud will not be tolerated.

2. The destruction of the industry of the country, and the pauperism of labor are the inevitable fruits of vicious laws enacted by the Republican party.

3. That, as a means of relieving the distressed portions of the community, and removing the great stringency com plained of in business circles, we demand the immediate repeal of the Resumption

Act. 4. That we denounce as an outrage upon the rights of the people the enact-ment of the Republican measure demonetizing silver, and demand the passage of tion a law which shall restore to silver its monetary power,

5. That we favor the retention of greenback currency as the best paper money we have ever had, and declare against any further contraction.

6. That we congratulate the country upon the acceptance by the present Administration, of the constitutional and pacific policy of local self-government in the States of the South, so long advocapreciate the honor and responsibility you have conferred and devolved on me by being called to preside over your delib
the States of the South, so long advocated at Chagrin Falls last week, and it is said that a great deal of chagrin was manifested by some of the more ancient damsels.

7. The Registry law framed by the last Legislature is burdensome and expensive and discriminates unjustly against the poorer class of voters, and we therefore

demand its immediate repeal.

8. We favor a tariff for revenue only.

9. We favor the issue by the General Government alone of all circulating medium, whether paper or metallic, to be always equal tender, and interconverti-10. That we condemn the acts of the

Federal Administration in using the reg-ular troops of the United States to inter-fere with elections and other political afhirs of the States, as unconstitutional, unlawful and unjustifiable, destructive of the rights of the people and the States.

11. We recommend the ticket this day

ard, of Zanesville, and afterward adopted by a unanimous vote. On motion Messrs. J. H. Benson, of Morrow county, John G. Thompson, of Columbus, and H. E. O'Hagan were na-

mrd as a committee to inform Mr. Bish-op of his nomination. Loud calls were made for Mr. Bishop, the crowd believ-ing the old gentleman to be in the city somewhere, and kept under cover by his boys. This illusion, however, was soon dispelled by the appearance of William T. Bishop on the stage. He spoke as follows: GENTLEMEN OF THE CONVENTION-AS

Mr. Bishop is not present, being at his home in Cincinnati, I, as his representative and his son, wish to thank you for the honor you have conferred upon my father, and the evidence of your confdence in him. I only regret he isn't here to return you thanks for himself. I will say no more at this time.

Lieutenant-Governor.

The nomination of a candidate for Lieut-Governor being in order, Judge Spaulding nominated Jabez W. Fitch, of Cuyahoga. Hon, J. H. Hudson, of Erie, was nominated by H. E. O'Hagan. The Feeling

Among most people is that the ticket is a fair, average one-possibly not so strong as some that have been nominated in years past, but still a ticket that the party can go before the people with confi-dently expecting to win. It was certain-ly an unfortunate move on the part of Gen. Ewing to allow his name to go before the convention when he did, when Bishop's nomination was almost certain; but it was done against his better judg ment, to gratify the partiality of his friends, who were confident that the mere announcement of his name would concentrate the strength of all other candidates on him. The Cleveland delegation say to night they would have given their thirty votes solid to Ward on the sixth ballot if they hadn't feared Ewing would have stood a chance of lengthening the contest and securing the nomination. The feeling is that Bishop's name will give Hamilton county to the Democracy by a handsome majority, and the fact that the old line politicians were set aside for a business man will give the ticket great popularity throughout the State.

The Platform gives General Satisfaction To all, and is regarded as occupying sort of a middle ground, on which both wings of the party, hitherto divided on the financial question, can agree. Several members of the State Central Committee of the Greenback party who are here, are not pleased with it. Mr. Schilling, chairman of the committee, does not hesitate to say the platform is a disappointment to him, and will lead to keeping their State ticket in the field. Mr. Shyrock, another member of the committee, and editor of the new Greenbuck organ here, says he had hoped for a better platform, believing the Democratic party their natural ally. Mr. Page, another member, says that it does not suit him, but he will wait until their committee meets in regular session before indicating what their party will do. Their committee is to meet here one day this week, they have not yet decided what day, and determine upon their future ac-
